The Perfect Thermostatic Control

After months of careful design and experiment, we can state that never before have such reliable instruments been available for aquarist's use. The specification given below applies to both models illustrated.

- Impossible to overscrew adjustment. ●
- Suitable for use with all over cover. ●
- Fine adjustment allows setting to 0.5°F. ●
- Differential plus or minus 1°F. ●
- Temperature adjustable from 32°F. to 150°F. ●
- Powerful Alnico permanent magnet. ●
- Positive snap make and break eliminates radio and television interference. ●
- Silver Contacts, capacity 500 watts A.C., 150 watts D.C. at 240 volts. ●
- **Outside Fitting Thermostat 32/6** ●

The House for Tropicals

Price Lists on application.

WE OFFER: TROPICAL FISH—the most comprehensive selection in the British Isles.

AQUATIC ACCESSORIES—the finest obtainable are on view in our showrooms.

There is no compulsion to purchase—a browse around our showrooms will prove interesting and instructive. All our employees are essentially aquarists—and only too willing to talk "fish" and offer advice.

Every reliable piece of aquatic apparatus is on view, and every type of Tropical Fish available at the moment in the British Isles is there for your inspection.

We have a world-wide reputation for the quality of our goods.

Insist on—Austen Pumps and Buy the Best

THE AUSTEN DYMAX COMPRESSOR

POINTS TO REMEMBER

This pump has an A.C. D.C. universal motor, built to B.E.S.A. Spec. 170/1939. Eccentric fitted with special grease retainer ball race. Diaphragms and valves of latex rubber to ensure long life. Air filter fitted as standard to all Dymax. Variable resistance, fitted to regulate speed. All metal parts plated against corrosion. Six months' guarantee.

£6 10 0 each Post Free

THE AUSTEN V COMPRESSOR

£2 10 0 each Post Paid

Reasons why you should insist on the Austen V pump :-

1. Valves and diaphragms of latex rubber, for long life.
2. Double enamel wire coil, wound in three different voltages, 200/220, 220/230 and 240/250, to ensure quiet running and low current consumption.
3. Laminations of special silicon.
4. Armature made from special non-retentive Swedish iron.
5. Diaphragm spring of phosphor bronze, tempered.
6. Pressure plates and other parts made of brass.
7. Base of aluminium alloy.
8. All metal parts nickel plated against corrosion.
9. Case, moulded in high grade Phenol to Spec. B.5.771.
10. Six months' guarantee.

MAKE YOUR OWN AQUARIUM

A RECORD

Mr. Owen I. Smith, of Windwhistle, Cressing Drive, West Hartlepool: whose letter we were delighted to print in our last advt., follows it up with a most sensational statement. Please read: (Dated 9th August, 1951.)

"The four-footer I mentioned in my last letter has settled down splendidly. IT WAS ONLY THREE-QUARTER INCH ANGLE IRON, so I gave it about 2 1/2 weeks to harden and all was well."

With Mr. Smith's wonderful testimony we have grown several inches taller! Thank you, indeed, Mr. Smith!

Other nice words recently:—(Darlington) "I had to get some compound which I firmly believe is coloured putty only. Anyway, I glazed a tank and it promptly leaked. Please send me Black Magic as early as possible." (Pontypool) "I have unsuccessfully tried to use some stuff called... if Black Magic can successfully do this you will receive my grateful thanks." (Derbyshire) "I have found it quite the best aquarium cement I have ever used." (Staffs.) "May I say how much I appreciate Black Magic. In my experience it is far easier to use than gold and putty or other glazing compounds. In fact it would be difficult NOT to make a job with Black Magic." (London, N.14) "I have had a very good report of your Black Magic Aquarium Cement." (Leamington Spa) "Black Magic very good and shall certainly recommend it to my friends." (York) "Please send Black Magic which I have found very satisfactory in the past." (Middlesex) "Have used Black Magic with outstanding results on my aquarium." (Swansea, Rev. ...) "I use it, as usual, quite what is claimed for it—its excellent aquarium cement. Many thanks."

BLACK MAGIC LEADERS AQUARIUM CEMENT

IS HERE FOR GOOD

You can purchase it at following prices.—1 lb. 2/6, 2 lb. 3/9, 3 lb. 5/3, 4 lb. 7/6 postage is extra. These prices as follows: 1 lb. 7/10, 2 lb. 12/6, 3 lb. 1/1, 4 lb. 1/3. Better still—ask your Dealer to get it—he can, if he is really keen on serving you. Above all, please do not be put off with other compounds. Please read again Darlington extract!

Trust all friends have had a very happy experience. Make your own Aquarium. Why not? Buy it yourself you KNOW what goes into it—surely that is worth something. It has never before made a tank, you can guarantee with confidence—and Black Magic, of which is not glazier's putty masquerading under a fancy name!

OUR TROPICAL FISH DEPARTMENT

will shortly be at your service. Here we have to have about 50 tanks of the finest fish, which will gladden the heart—under the vision of Mrs. M. Thompson, well-known North-west as a furnished aquaria expert. We are now open Saturday till 8 p.m. (The Tuna Yard is only a few minutes from Bus Station.)
